6. **Risk Assessment** Program Administration Risk Assessment Obtain a listing from WORKS, of all P-Cards that were active during the audit period showing the Cardholder, Reviewer/Approver, Date of Issue, Single Transaction and Credit Limits, and date of last transaction. i. Card Issuance - Ensure that P-Cards are issued according to State P-Card Policy section V.C., and per SPCP Section V. C. 1. - no more than one card may be issued to an individual) ii. Training – Ensure that the Agency has documented Level I and Level II training programs for new card holders, supervisor/approvers, and liaisons. iii. Account Types - Determine that the Agency has no unassigned cards, i.e., that all card types are issued according to SPCP Section VI. iv. Confirm that no cards have been inactive for more than one year. v. Single Transaction Limits - Sort the listing to verify that no single transaction limit (STL) is greater than the Procurement Code competition threshold. For cards with STL's greater than: a. $2500 requires agency head or governing board approval per SPCP Section II. B. 2 b. $10,000 - the competition threshold, obtain documentation of the Material Management Officer's approval per SPCP Section II. D.		
Note: Portia Davis, pdavis@mmo.sc.gov , (803) 737-5473, is the State P-Card Coordinator. The State P-Card Coordinator maintains documentation of all approvals for STLs greater than $10k.		
7. **Merchant Category Codes** For Higher Eds, obtain a listing of the Group B Agency's blocked MCC codes (See SPCP Section II. (C)(3)).		
8. **Compliance Analysis** For the population of transactions obtained in Step 2: i. Determine that purchases are not made from blocked MCCs by scanning the population. For three transactions using blocked MCC codes, request documentation of approval for MCC codes to be temporarily unblocked. ii. Determine that no transactions exceed the cardholder's STL without written approval of a temporary increase in STL and subsequent reduction to the original level.
